PROFESSIONAL SUMMARY

Instructional designer and learning strategist with 15+ years of classroom and higher education experience, now specializing in building accessible, high-impact eLearning solutions powered by Generative AI and learning science. Draws on a decade of college-level teaching and library instruction to design training that meets real learners where they are — translating complex content into engaging, measurable experiences that scale for diverse global audiences. Combines expertise in instructional efficacy, data-driven design, and rapid prototyping to deliver user-centric learning products that empower and retain.

CORE COMPETENCIES & TECHNICAL SKILLS

- LMS Administration & Design: Canvas (Admin & Design), Moodle, Blackboard, Google Classroom; Digital Asset Management, LibGuides integration, and learning platform optimization for scalability and UX
- Rapid Prototyping & Content Creation: Articulate Storyline 360, Canva, iSpring Suite, Vyond, Camtasia; Generative AI for adaptive learning solutions, content personalization, and process automation
- Accessibility & Compliance: Universal Design for Learning (UDL), WCAG 2.1, ADA/Section 508 standards; auditing digital content for equitable access across diverse learner populations
- Stakeholder Engagement & Collaboration: Instructional consultation, SME enablement, cross-functional leadership, data-driven decision making, and hybrid learning facilitation via Zoom/Teams/Slack

PROFESSIONAL EXPERIENCE

IDOL Academy | Remote

October 2025 – Present

Instructional Design Intern

- Develops interactive eLearning modules using iSpring Suite, PowerPoint, Vyond, Camtasia, GarageBand, Audacity, and Articulate 360, integrating genAI to boost digital literacy and student engagement
- Applies UDL and ADA/Section 508 standards to digital assets, ensuring fully accessible and inclusive learning for diverse populations
- Facilitates end-to-end instructional design including needs analysis, storyboarding, and prototyping in collaboration with design teams

City College of San Francisco | San Francisco, CA

January 2026 – Present

Adjunct Faculty Librarian

- Teaches information literacy workshops and research skills, applying active learning strategies to support diverse curricula
- Provides reference consultation to students and faculty, facilitating access to complex databases and digital resources
- Develops inclusive learning guides and collection materials aligned with DEIAA principles and academic goals

Portland Community College | Portland, OR

January 2025 – July 2025

Reference Librarian & ESOL Instructor

- Designed culturally responsive information literacy curricula for diverse adult and ESOL learners, creating accessible research tutorials that scaffold complex concepts for varying linguistic backgrounds
- Leveraged learning analytics to drive continuous improvement of instructional library resources, utilizing formative data to personalize learning pathways and enhance user research efficacy
- Facilitated hybrid learning environments (remote & in-person) using digital tools to bridge the digital divide, ensuring equitable access to information systems

Portland State University | Portland, OR

October 2023 – June 2024

Sciences and Social Sciences Librarian

- Delivered multimodal instruction (synchronous, asynchronous, & face-to-face) to enhance information literacy and research fluency for diverse learners
- Designed digital tutorials and subject guides, partnering with faculty to integrate learning resources directly into course curricula

Berkeley City College | Berkeley, CA

August 2017 – June 2020

Reference Librarian

- Designed information literacy instruction, partnering with faculty to integrate research competencies directly into the academic curriculum
- Managed digital learning assets within Canvas LMS, ensuring all instructional materials were accessible and aligned with diverse learning outcomes

OTHER RELEVANT EXPERIENCE

Sunset High School | Portland, OR

August 2024 – June 2025

ELD Teacher

- Collaborated with cross-functional instructional teams to design personalized learning pathways for diverse populations, ensuring alignment with inclusive design standards
- Provided instructional consultation and SME enablement to faculty, coaching stakeholders on learning science principles to optimize content delivery and accessibility

College Track | East Palo Alto, CA

March 2015 – July 2016

Lead Academic Coach

- Designed and facilitated professional development curricula based on skills gap analysis, directly upskilling coaching staff to improve instructional delivery
- Conducted quality assurance observations and provided performance feedback, partnering with Academic Director to optimize program strategy
- Leveraged program data and performance metrics to drive continuous improvement initiatives and ensure high-quality outcomes

Five Keys Charter | San Francisco, CA

December 2014 – January 2016

Independent Studies Teacher

- Delivered inclusive instructional seminars for non-traditional and international learner populations, adapting curricula to align with diverse cultural backgrounds
- Co-managed the Concurrent Enrollment Program, creating strategic academic pathways that bridged secondary and post-secondary learning ecosystems

SIATech | San Francisco, CA

October 2009 – June 2011

English Language Learner Teacher

- Implemented new ELL curriculum and systematized differentiated instruction for at-risk and transfer student populations
- Collaborated with the ELL Coordinator on curriculum development by analyzing standardized test results and assessment data

EDUCATION & CERTIFICATION

CPTP (Certified Professional in Training and Performance), IDOL Academy – In Progress

MA Higher and Postsecondary Education, Teachers College

MA Urban Education, University of California at Berkeley

California State Clear Single Subject Teaching Credential & CLAD

BA English, University of California at Riverside

Study Abroad: UC EAP – Córdoba, Spain | Ewha Women's University – Seoul, Korea
